The first newsletter of 1993 is finally a reality. Planning is near completion on the upcoming joint meeting with the Illinois AFS Chapter. The program is listed later in the newsletter and in addition to the excellent papers, the social mixer Tuesday night at the RIMCO building in Rock Island promises to be a great time. While I'm on the subject of the social mixer, busses will be provided to take us from Jumer's to the RIMCO building and back. Also in attendance at the meeting will be Paul Brouha, Executive Director of the AFS.

The results of our 1992 chapter election are as follows:

President-Elect	Secretary/ Treasurer
Martin Konrad Fisheries Wallace Building Des Moines, IA 50319	Bryan Hayes Rathbun Hatchery Moravia, IA 52571

Four IA AFS Chapter members were able to attend the NCD AFS annual meeting in Toronto in early December. Jim Wahl and I attended the EXCOM meeting. Considerable discussion centered around the Chapters "advocacy role" in environmental matters and also encouraging and increasing student participation at the Chapter, divisional and parent society levels. Also discussed was the increasing demand and participation in the various technical committees.

The legislature is back in session and besides personnel matters, one of the biggest questions for us will be the level of REAP funding. Letters of support by the Chapter and members may be necessary to help maintain this program.

Well, I hope to see you at the February meeting in Davenport. Be sure to bring some spare money to purchase a Tomelleri Fish T-shirt or participate in a raffle!

SECRETARY/ TREASURER'S REPORT

The Chapter treasury stands at a healthy \$3,280. This is after \$514 was invested in Tomelleri T-shirts the Chapter is currently selling. If you haven't had a chance to purchase one of these yet look for them at our upcoming meeting with Illinois or contact Mike Mason at the Rathbun Fish Hatchery.

The Chapter received a donation of \$304.96 from the Federal Aid Coordinators Meeting in Spirit Lake last October. This was after they used the Chapter account to collect registration and pay bills.

I would like to thank Julaine Olson, Mike Mason, and Andy Moore for serving on the auditing committee.

AMERICAN FISHERIES SOCIETY COOKBOOK

SEA FARE -- THE OFFICIAL AMERICAN FISHERIES SOCIETY COOKBOOK, VOLUME ONE, has recently been published. The cookbook includes the favorite recipes of members of the Fish Culture section and interesting folklore, stories and facts about commercial fishing and fish. A copy will be available to review at the upcoming chapter meeting.

This cookbook offers the chapter excellent fundraising opportunities. Bulk is \$10 with a suggested retail price of \$15. Parent Society net profits are about \$5.50 per book, and will be split with the Fish Culture Section.

MID-CONTINENT WARMWATER FISH CULTURE WORKSHOP

The 1993 Mid Continent Warmwater Fish Culture Workshop will be held February 9 and 10 at the Holiday Inn - KCI in Kansas City, MO. The program is being developed and plans are to have Mr. Tom Bell, Food and Drug Administration, conduct a workshop Tuesday morning on the need for and the process of applying for Investigational New Animal Drug's (INAD's) for fish therapeutics. Another major focus will be sharing of fish culture techniques and information among hands-on fish culturists. For more information contact:

1993 IOWA AFS MEETING WITH ILLINOIS CHAPTER SET FOR FEBRUARY 16-18

PRE-REGISTRATION

The upcoming American Fisheries Society's joint chapter meeting with Illinois is scheduled for February 16-18, 1993. The meeting will be hosted by Iowa and held at Jumer's Castle Lodge in Bettendorf, Iowa. The registration fee will be \$25 (\$20 for students). The registration cost covers coffee breaks, social mixer, and conference luncheon.

We are encouraging people to pre-register for the AFS joint chapter meeting with Illinois. Pre-registration will aid in making arrangements with the motel and reduce time spent in line at the meeting. A pre-registration form can be found on page 7 of this newsletter.

A block of 80 rooms have been reserved on a first call basis. Room rates will be \$52/single and \$59/double. Reservations must be made by January 26. For reservations call toll free 1-800-285-8637 or phone area code 319-359-7141. Jumer's is located at the intersection of I-74 and Spruce Hill Drive.
